Ergoline

Framed
for superior comfort

www.ergoline.co.in

The Brand

Ergoline a TKS Product Pvt. Ltd., was born out of the need to provide functional and aesthetic seating solutions for retail and commercial spaces. Creatively crafted and designed on the sound science of ergonomics, they are built around the premise of comfort and health, using material design and extensive research for optimal wellbeing and performance. These products are meant to help people perform their best in stressful environments, spark creativity, optimize health, reasoning and decision making skills, by reducing chronic stress-induced injuries and in turn making people an asset to their organisations.

The Ergoline furniture range has been designed and crafted at the company's state-of-the-art manufacturing unit, where every single piece of furniture, undergoes rigorous testing to meet international quality standards, taking into account crucial factors such as lumbar support, adjustable height, eye co-ordination and absolute comfort.

At Ergoline, you don't just buy a piece of furniture, you buy health!

SERVICES

The TKS Product Pvt. Ltd. brand was built on the belief that with comfort comes health, and one doesn't have to pay exorbitantly to avail of the same. Backed by many years of experience honed in the field and expertise obtained by handling end-to-end of operation and manufacturing, the team believes in innovation without any compromise on quality. Whether manufacturing of products in the well-equipped and state-of-the-art manufacturing unit, import of innovative products of exceptional quality to keep up with Indian market demands or setting up retail outlets and tying up with well-heeled distributors to make the products accessible to corporates and clients, it is ensured, that each and every aspect of the business is carefully planned, and seamlessly designed.

Manufacturing

A comprehensive, well equipped manufacturing unit, and the latest machinery ensure that every product and furniture is handcrafted and adheres to exceptional quality standards. With a state-of-the-art manufacturing hub of 12,000 sqft., that produces more than 150-200 chairs and 50-80 workstations per day, TKS Product Pvt. Ltd. ventures has the capability to back their promise on quality seating solutions with researched and designed curated furniture suitable for all kinds of residential and commercial spaces. Featuring a comprehensive portfolio ranging from Office Chairs, Sofas and Work Desks, to Modular Workstations, the furniture is cutting edge, stylish and addresses bulk requirements.

Trading

Importing creative and design backed seating solutions, ensues that users have a versatile and varied list of seating options to choose from. This also signifies quality. TKS Product Pvt. Ltd. has seen phenomenal growth in the area of imports. With rising demands of the Indian market, and a varied diaspora of well-travelled clientele who demand exceptional seating solutions to meet their business needs, the company imports bespoke, handcrafted and curated furniture and seating solutions that is distributed to different parts of the world. We also look to export many of own designs and other imports to other countries, particularly Taiwan, Korea and China.

Retail

Retailing exceptional and state-of-the-art furniture, Ergoline ensures that there is a seating solution to fulfil every user's needs. The strength of TKS Product Pvt. Ltd. lies in retail. Besides manufacturing and trading, we have three showrooms in Bangalore and Chennai, and also work with franchisees and traders to retail our furniture solutions. Our association with some of the leading e-commerce brands such as Flipkart, Amazon, Snapdeal and Pepperfry ensures that our reach is slowly extending across India. While South India, particularly Chennai and Coimbatore has been our prime market since a while, North India is slowly beginning to experience the quality and craftsmanship that we promise.

PRODUCT RANGE

The Ergoline range of products considers furniture, more than just pieces of metal and wood. These are statement pieces that can be an asset to any corporate and retail space. They combine functionality and design into a cohesive whole, are responsive to postures and movement, and spark creativity and team work. Ergoline furnitures exude comfort and health!

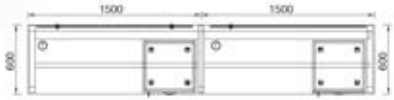
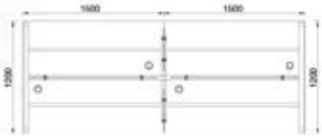
Consolar linear

Solid, straight and superbly crafted, the Consolar linear range of workstations is chic and perfect for an open plan office space. Striking laminated glass screen ensures complete privacy, while seating is exclusive.



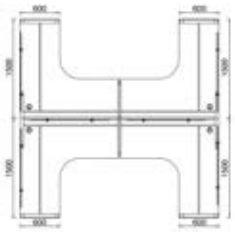
Consolar Sharing linear

Shared workstations that help in engagement and boost creativity, the Consolar Sharing Linear range works best to enhance teamwork. They are perfect for open plan offices and are designed with a laminated glass screen for added privacy.



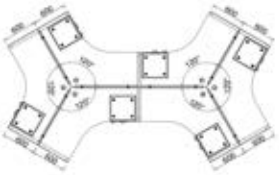
Consolar L shape

Designed for teamwork and built for open plan offices, the Consolar L Shape Sharing workstation features a unique design that helps exchange of ideas and creativity while maintaining privacy and comfort. Striking laminated glass partitions are aesthetic and lend a sense of fun to the worktables.



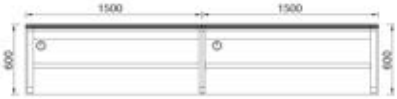
Consolar 120⁰

Considerable research and a unique design makes this Consolar 120⁰ sharing workstation stands apart for its style. Ergonomic, easy and versatile, this shared workstation builds team camaraderie and makes work fun.



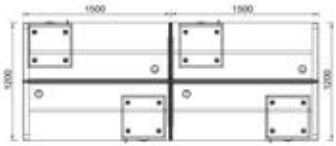
Calvin linear

Built with dual use, soft-board and marker 33 mm screen and below the leg modesty screen for added comfort, the Calvin Linear Non-sharing workstation has a beautiful chic design, perfect for open plan workplaces. Clean lines and a cohesive design make them a great furniture piece to spark creativity.



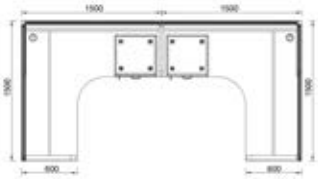
Calvin Sharing linear

The Calvin Sharing Linear workstation is a beautiful blend of design and functional aesthetics, with separate seating equipped with a dual use soft-board and white-board separator. Discreet wiring options make this a clutter-free, stylish addition to any workspace.



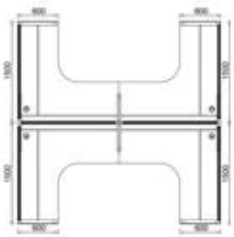
Calvin L

Striking, bold and sleek, the Consolar L Shape Non Sharing workstations have been designed for open office spaces that emphasize on privacy while highlighting a collaborative environment. Versatile dual use workstation separators and privacy screens add seriousness with a sense of fun to the office space.



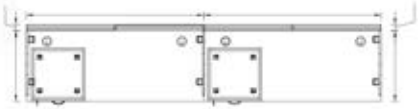
Calvin Sharing L

Versatile, expansive and adding a creative spark to mundane work days, the Calvin L sharing affords plenty of workspace, encourages teamwork and sits well in an open plan work space. Laminated glass separators maintains privacy without compromise on ideas exchange.



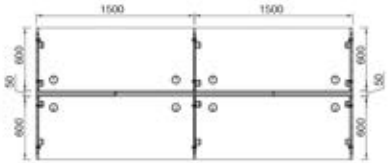
Viva - 50 Linear

A creative workspace that makes seating fun and interactive, the Viva 50 non-sharing workstations have a 50mm dual use, floor length laminated glass screen that creates a cabin-like separation in an open plan workspace. Sleek and fuss-free, they make work fun.



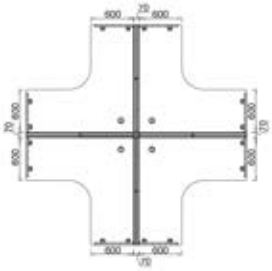
Viva - 50 Sharing Linear

Featuring an office-like ambience without its accompanied seriousness, the Viva 50 Sharing workstation is fun without getting too boring. Dual use 50 mm separators run from floor to work-desk and the shared space makes seating fun and engaging.



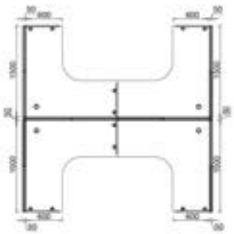
Viva - 50 Sharing L

Compact, bold and stylish, the viva 70 sharing workstation has thick 70mm screen dual use, white-board and soft-board separators for enhanced productivity and absolute comfort. These versatile workstation are designed to accommodate any number of people. Discreet wiring and handy utilities make them collaborative and creative spaces.



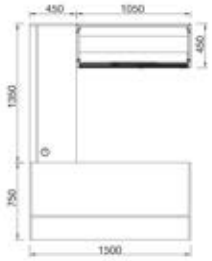
Viva - 70

High on creativity and design aesthetics, the Viva 50 L shape sharing workstation makes work fun and exciting. The dual use station separators has been designed for open plan spaces, yet encourages teamwork and sharing of ideas.



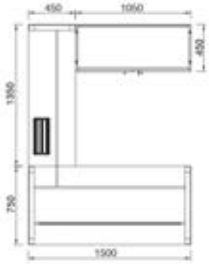
Crystal

Simple in design, yet sleek and modern in look, the Crystal workstation packs a powerful punch. This manager's table is equipped with a low leg privacy screen and handy storage cabinet that beautifully combines function and style.



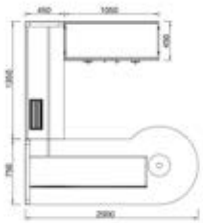
Impact

The Impact Workstation is a table in solid wood, epitomizing strength, dependability and work ethics. Designed to create a lasting impact, this is perfect for open plan offices since it provides plenty of work space and adequate storage too.



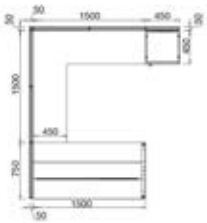
Cresent

A unique design that encourages work and a creative exchange of ideas, this Crescent manager's table features a round table at one end for team meetings and discussions. Ample storage makes this space versatile.



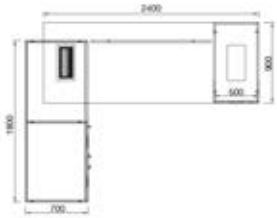
Christina

The Christina table replicates a manager's cabin, affording complete privacy with floor to table 50mm dual use partition that screens out distractions, while maintaining solitude. It also affords plenty of storage for files and other office supplies.



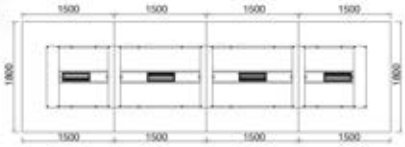
Inspiration

A deconstructed table designed formally, Inspiration is crafted for MD's & CEO's who manage work and offices effortlessly. Made for open plan work spaces, this table is inviting yet serious, sparking ideas and endless creativity.



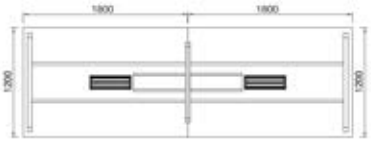
Liberty

Simple, straight and sturdy; these three words encapsulates the Liberty desk. This boardroom table in raw wood finish, exudes strength, encourages exchange of ideas and invites people to celebrate a team.



Yuva

Clean lines, sleek looks and an all-white finish give this Yuva desk a youthful vibe and encourages spontaneity and sharing of ideas. The expansive table makes seating easy and work flow smoothly.



Zeta

A gorgeous deep brown raw wood finish in an unusual oval shape characterizes the Zeta work table. Its sleekness, style and sturdiness will enhance any conference room, while features make work unobtrusive and very convenient.

The delightful combination of
Color & Comfort

You may wonder "what's so special about being a chair?"
But I am not just another chair, I am upholstered in colorful and comfortable leatherette and I am a series of traditional and contemporary executive chairs all generously sized with striking alloy features.
